White body ceramic wall tile with an absorption of over 10%. Due to its artisanal manufacture, this product will present variations along the edges. If you choose to install in a wet or splash area, a waterproof membrane is required prior to installation, and grouting and sealing will be necessary. We recommend using a grout color which matches or is lighter than the tile color.

Revestimiento: Capri - Sassani / 14x16 cm / 5 1/2" x 6" Pavimento: Capri - Chiazza Marino / 14x16 cm / 5 1/2" x 6"

This product will present variations in thickness and texture. The edges of these tiles have no bevel, which is an intentional feature added to provoke an antiqued look and accentuate the beauty of the tile. These variations give the product unique characteristics and personality. They are part of its charm and are reminiscent of hydraulic cement (encaustic) tiles, zellige, and reclaimed tiles from the past. This product is most beautifully installed with a grout joint of 1/4" (6 mm). We recommend using a grout color which matches or is slightly darker than the tile color for the most elegant appearance or a neutral grey for a more rustic appearance.

Revestimiento: Florentina - Ada / 15x15 cm / 6"x6"

The Celeste has a small vine and 2 different flowers which connect the pieces in a continuous pattern. Take any random piece from the box and turn it in your hand until it matches up with the surrounding pieces.

The Celeste can also be installed as a patchwork mix with no continuity among the pieces.

Revestimiento: Manara Clay - Temara Taupe / 10x10 cm / 4"x4"

Due to its artisanal manufacture, this product will present variations in caliber, flatness, straightness, texture, design and shade. These special variations give the product unique characteristics and a personality all its own. Most of the glazes are special, saturated glazes that will eventually produce a beautiful and intentional crackle. This is inherent to the tile and part of its charm. This product is most beautifully installed dry-stacked, however, can be grouted. When installing in a wet area, a waterproof membrane is required prior to installation, and grouting and sealing will be necessary. We recommend using a grout color which matches or is slightly darker than the tile color.

Revestimiento: Marrakesh - Meknes Marine / 6,2x20,2 cm / 2 1/2" x 8"

Revestimiento: Marrakesh - Sidi Salt / 6,2x20,2 cm / 2 1/2" x 8"

Revestimiento: Marrakesh - Tantan Beige / 6,2x20,2 cm / 2 1/2"x8"

Due to its artisanal manufacture, this product will present variations in caliber, flatness, straightness, texture, design and shade. These special variations give the product unique characteristics and a personality all its own. Most of the glazes are special, saturated glazes that will eventually produce a beautiful and intentional crackle. This is inherent to the tile and part of its charm. This product is most beautifully installed dry-stacked, however, can be grouted. When installing in a wet area, a waterproof membrane is required prior to installation, and grouting and sealing will be necessary. We recommend using a grout color which matches or is slightly darker than the tile color.

REVESTIMIENTO / WHITE BODY GLAZED WALL TILE / FAÏENCE

White body, glazed, double-fired ceramic wall tile with an absorption of over 10%. Each piece is unique. Due to its artisanal manufacture, this product will present variations in caliber, flatness, straightness, texture, design and shade. These special variations give the product unique characteristics and a personality all its own. No two pieces are the same. This product is most beautifully installed with a wide, irregular, and artisanal grout joint. We do not recommend installing these tiles in a wet or splash area. The surface is textured, sometimes with deep crevices, so occasionally there may be pinpoints which are not completely covered in glaze. If you choose to install in a wet or splash area, a waterproof membrane is required prior to installation, and grouting and sealing will be necessary.
